

# Municipality Generator Interconnection Application

## Single Meter Application – Part I

☒ New Application ☐ Revised Application

A single customer interconnecting to a single meter at a single premise makes a new / revised application this date 6/11/18 to the Municipality of Middleton, to install and operate a generating facility interconnected with the Municipal's electric utility system.

### Section 1. Ownership Type:

☒ Customer Owned and Operated ☐ Customer Leased and Operated ☐ Third Party Owned and Operated

As an electric service customer of the Municipality of Middleton I certify, as the interconnection applicant and by signature on this application that the contract arrangement between the generator owner and the generator vendor is for the sale of or lease of generator equipment only. I further certify under penalty of generator disconnect that the contract arrangement between the generator owner and generator vendor does not constitute a Power Purchase Agreement ("PPA") or otherwise involve the direct sale or invoice by the vendor to the customer for electricity generated in kilowatt-hours. **Applicant must attach a fully executed contract between the vendor and the applicant. At no time shall the applicant change the contract to a purchase power agreement (PPA) with the vendor or a third party. The Municipal Electric Utility has the right to promulgate rules and regulations and while we make best efforts to support our customers desire for net-metering the Municipal Electric Utility retains the right to decline third party power suppliers within the Municipal Electric Utility service territories.**

### Section 2. Applicant Information:

New Construction ☒ Existing Construction ☐
